

It gives me great pleasure to express my faith in the virtue of Dr. Pierce's Golden Medical Discovery," writes Mr. Ezekiel Floro, of Newtown, Ottawa Co., Ohio. "I suffered every-thing for two years and was driven to a place which baffled the skill of some of the most noted physicians. Was at once advised to go to Dr. Pierce's Medical Discovery, and after three months without success. Came home discouraged. Then began to doctor with a 'chemist.' He also failed to help me. Then I began Dr. Pierce's Golden Medical Discovery, and after taking whatever in it. Did it only to please my wife, but I am happy to tell you that after taking a few bottles I was cured of my trouble."

What in the World Could Be Better?

A cozy corner, a quiet chat with just the right person, and a perfect cup of tea. It is the tea that adds the finishing touch to the coziness, contentment, and enjoyment, but it must be good tea. Let us tell you something about

Chase & Sanborn's Package Teas.

They are the same of purity. Carefully selected leaves, properly prepared, packed as they should be, in pound and half-pound, air-tight leaded forms, which prevents the escape of the delicate aroma that is their chief charm. This way of packing insures to you freshness and quality. These teas come from noted tea-gardens situated in high altitudes, which means everything in the production of high grade tea, and as the plants are subject to constant care, pruning, fertilizing, etc., you will find no scraggy coarse leaves among them. Only the best leaves are selected and packed for Chase & Sanborn. In order that all kinds of tastes may be suited, the public has the choice of buying either the Koh-i-noor, an English Breakfast tea, mildly stimulating and invigorating, or the Orlow, which is noted for its delicate lilac flavor. Then too, there is the Orange Pekoe, an Indian and Ceylon tea which is famous for its rich wine-like body. All these teas are guaranteed by Chase & Sanborn's name and seal.

One pound makes over 200 cups.

GOVERNOR DURBIN COMING.

Will Speak in Seymour Next Monday Night.

The REPUBLICAN is pleased to announce that Governor Winfield T. Durbin will speak with Hon. R. A. Brown here next Monday night. This arrangement was made Thursday night at Indianapolis.

Governor Durbin has many personal friends in Seymour and Jackson county who will be glad of the opportunity to greet him again and hear him speak. Many young men in this county served in his regiment, the 161st, and his visit here will be especially pleasing to them. Numerous civil war soldiers in this part of the state served with him during the rebellion and they will give him a hearty welcome. The people all know him and honor him as a citizen and as governor of our great state. All will join in giving him a hearty welcome Monday evening.

Hon. R. A. Brown who comes with the Governor Monday evening is likewise one of Indiana's most gifted men and never fails to interest and entertain his audience.

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: For a number of years I was troubled with indigestion and dyspepsia which grew into worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat. Pellens' drug store. Peter's drug store.

Prison in Store for Certain Boys.

Postoffice Inspector Fletcher said that if the country youths persist in destroying and maliciously tearing down the rural mail delivery boxes some of them will find themselves in prison for three years and suffer a fine of \$1,000, the maximum penalty fixed by the last congress for the offense. Inspector Fletcher says the pranks of some of the farm boys in tearing down the boxes will get them in trouble and they should be warned of the consequences of this play before the celebration on Halloween on October 31.—Indianapolis Journal.

Look Out For Fever.

Biliousness and liver disorders at this season may be prevented by cleaning the system with DeWitt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. Pellens' drug store. Peter's drug store.

Old Almshouse.

The Washington county poor house, near Salem, Ind., is perhaps the oldest almshouse in Indiana, and it has somewhat of a historic connection. The farm, which contains 100 acres, was purchased in 1831, and has been in constant use ever since that time as a country poor farm. Dr. Charles Hay, the father of the Hon. John Hay, secretary of state, was the first county physician of Washington county, and attended the paupers when the almshouse was first opened. The first superintendent of the poor farm was Tilgham Hartley.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare Tex., "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at W. F. Peter's drug store.

Railroad Meeting.

A number of those interested in the promotion of an electric railway from Columbus to French Lick met in G. A. Robertson & Co's office Friday forenoon for reports of committees and to take further steps in preliminary plans. Articles of incorporation were reported by the committee to which that work was referred, but action on the report was deferred until next meeting, which will be held Thursday, October 30. Several other matters concerning plans of procedure were discussed. Progress is being made in getting this enterprise in shape. The next meeting will be of much importance.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. It's attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such Liquifluid the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga.: "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." Pellens' drug store. Peter's drug store.

POLITICAL GOSSIP.

Come out and hear Governor Durbin and Hon. R. A. Brown at the opera house next Monday night and invite your friends and neighbors to come.

WHEN you look over the republican county ticket you see a list of mighty good citizens. They are all worthy men and as officials will prove their loyalty to the taxpayers.

SENATOR HANNA is being given a royal reception as he journeys through the Hoosier state. His speeches are received with great enthusiasm by the vast crowds at every stop. The meeting at Indianapolis Thursday night was an ovation to Senator Hanna. Tomlinson's Hall was packed and hundreds of people had to be turned away as they were unable to get in. His speech was a remarkably clear and forcible presentation of the issues of the campaign.

MARION GRIFFITH says he is in favor of "tariff reform," which is another name for free trade. He would vote for that sort of a law if given a chance. He would vote for a law that would bring disaster to both labor and capital. Do you really think he should be returned to congress when he goes over the district talking against the interests of the people in that fashion? Do you not think it would be wisdom to leave him at home and send a man to congress who would work and vote for the interest of the laboring men, the farmers and business men of this district? Do you not think that it would be the part of wisdom to elect Joshua M. Spencer?

Arbor Day.

This is Arbor Day in Indiana and many trees are being planted this day on school grounds that will beautify them for the next generation. Special exercises, appropriate to the day, were given in many places over the state. In the Seymour schools there were exercises in most of the rooms, if not all of them, that were quite creditable. Several trees were planted on the school grounds.

OLDEST METHODIST CHURCH.

Provision to be Made for its Preservation.

At the recent session of the Indiana Conference a committee was appointed to take into consideration the buying and rebuilding of Old Bethel meeting house, the first Methodist church in Indiana and placing it either on the camp grounds at Deputy or on the old site, the Robinson burying ground, a few miles from Charles town. This committee was composed of Rev. J. A. Sargent, presiding elder of Moores Hill district, Rev. J. M. Baxter, presiding elder of Seymour District; Rev. C. E. Asbury, of Jeffersonville; Rev. H. N. Elwin, of Kelt and Rev. R. A. Kemp, of Charlestown, with the Board of Directors of the Deputy Camp Meeting. This committee will meet here on Friday October 31. The buying of the old church is something which should have been done long ago by the Methodists of Indiana. The church is now used as a stable or hay barn on the farm of Mr. Stanger about three miles northeast of Charlestown.—Jeffersonville News.
